

SENATE KILLS THE GOOD ROADS BILL

Measure to Provide for
State Aid Fails in
Upper House.

PRIMARY BILL COMES IN

It Was Sent to the Proper
Senate Committee With-
out Any Debate.

COMPROMISE MEASURE LIKELY

Madison, Wis., March 26.—The good roads resolution providing for a constitutional amendment authorizing state aid in highway improvements was killed by the senate this morning by a vote of eighteen to twelve. The amendment passed the legislature two years ago but its second passage was necessary before being submitted to the vote of the people.

The primary election bill was received by the senate from the assembly and was sent to the committee on privileges and elections without discussion. No report is expected from the committee before the latter part of next week as the legislature will adjourn Friday until Wednesday night or Thursday on account of the election.

The assembly ordered the third reading of the bill which gives the Milwaukee orphan asylum the \$240,000 appropriation to it by Samuel Howard for which the heirs are making a fight.

Primary Bill Not Reported.

Madison, Wis., March 25.—The primary election bill was not reported to the senate last evening as was expected. When the upper house was called to order it was found that there was no quorum and the senate adjourned until ten o'clock this morning when the bill will be sent over from the assembly. It will be referred to the committee on privileges and elections and that committee will hold an informal meeting this afternoon to discuss a plan for dealing with the bill.

Tomorrow afternoon another meeting will be held when the members will receive amendments and suggestions on the bill.

Plans for a Compromise.

The plan that seems most likely to be followed out by the committee this week is to kill both the original Stevens bill and the substitute now before that body. That will leave the way open for a compromise measure and this will be along county lines. The opponents of the bill will not concede more than to have the bill apply to county nominations and give the counties option of deciding if they want the primary principle in their nominations.

It is reported that a substitute along these lines is now being prepared.

At present the supporters of the bill pretend such a proposition will not for a moment be considered, but it is plain that in the end of the fight the conservatives are going to win out. If they do not, the bill will be killed altogether, for the senate is in no mood to wrangle with a radical measure.

COOPER HAS RETURNED FROM CUBA

First District Congressman Thoroughly in Accord
with Administration—Praises Gov. Wood.

Washington, D. C., March 26.—Representative Cooper of Wisconsin, chairman of the committee on insular affairs of the house, has returned from a tour of observation in Cuba where he spent several days in Havana and its vicinity. Mr. Cooper was greatly surprised to learn that on returning here that reports had been circulated at the time of his departure to the effect that he was opposed to the policy of the administration in Cuba; that he felt dissatisfied with the manner in which the affairs of his committee had been treated in the last session of congress, and that he had gone to Cuba with the avowed intention of accumulating material in hostility to the administration's policy.

Mr. Cooper said that the idea was ridiculous. He had gone to Cuba he said merely for the pleasure of the trip and to see at first hand for himself the situation in the island. He comes back with opinions much the

THE ETRURIA HAS ROUGH TRIP

Storm Crazes One Passenger and Drives Another to Suicide.

New York, March 26.—The Cunard line steamer Etruria, which arrived last night from Liverpool and Queens-town was detained in the lower bay on account of a dense fog which prevailed all night. She reached quarantine early today. Heavy weather was encountered March 21 and 22, commencing with a westerly gale, which changed to the northwest, blowing a hard gale with fierce hail squalls and high seas. The seas boarded the ship and caused considerable damage about the deck and to the boat chocks. Several passengers were bruised and some sustained injuries requiring the attention of the ship's surgeon. An Irish girl, one of the steerage passengers, became so alarmed at the violent pitching and tossing of the steamer, that she became demented. She is still very ill. A second cabin passenger, named Frederick Sawicki, a Roumanian, committed suicide by hanging. His body was buried at sea.

The Anchor line steamer Britannia, which arrived last evening from Mediterranean ports, is detained at quarantine owing to a case of smallpox among the steerage passengers.

CHAMPAGNE HAS BEEN SUSPENDED

Chief Consul of the Wisconsin Division of the L. A. W.—Louis Pierson May Succeed Him.

Milwaukee, Wis., March 26.—Percy B. Champagne, chief consul of the Wisconsin division of the L. A. W., has been requested to resign by President H. S. Earle owing to a difference in regard to the settlement of an L. A. W. debt. Champagne wanted Wisconsin's debt repudiated. Earle will be here next week to select a successor to Champagne and it is likely that Louis Pierson of Milwaukee will be chosen.

AN ARMED GANG OF MEN ROB A BANK

Somerset, O., March 26.—The safe in the Somerset bank was blown up at two o'clock this morning by an armed gang of eight men who secured five thousand dollars in currency and valuable papers. The citizens attempted to attack the burglars but were driven away with Winchester. Two stolen teams carried the robbers away and a posse is pursuing.

NO HOPE FOR AN ELECTION.

Nebraska Legislature Will Adjourn Without Electing Senators.

Lincoln, Neb., March 26.—Hope of ending the senatorial deadlock was all but abandoned today by a number of the members of the legislature who have heretofore been sanguine. "It will be next to a miracle if we elect two or even one senator before the final adjournment," was the statement of a republican representative this morning.

This prediction followed the failure of D. E. Thompson to win today in the joint session, when, with five fusionists and two of his republican opponents absent, sixty-three votes would have elected. He received only fifty-eight votes.

The game warden's attention is called to the fact that while the spring shooting of ducks is prohibited by law no attention is paid to it in this city. On Sunday last several hunters were on the river above the Monterey bridge and one of them killed several ducks. It would be a good thing if the game warden would take a trip down this way.

M'KINLEY SEALS DOOM OF CHINA; PARTITION IS SURE TO FOLLOW

President Declines to Enter a Protest Against the
Seizure of Manchuria by Russia—China
Makes Its Last Appeal to the Powers

Washington, March 26.—The United States has declined to enter a protest against the seizure of Manchuria by Russia, although approached by other powers with that end in view, and warned by them that the consummation of the negotiations in St. Petersburg would mean the dismemberment of the Chinese empire and probably lead to war in the orient.

The decision of this government to abstain from intervention, in accordance with its traditional policy to avoid complications beyond the seas, was communicated to Wu Ting Fang by Secretary Hay.

Wu Ting Fang agrees with the other diplomats in Washington that China will yield and that the emperor will instruct Yang Su to sign the treaty today, which is the limit of the time allowed by the Russian government for negotiations. It is also the universal opinion that the ratification of this treaty will be the signal for the partition of China among the great powers.

Russia having taken Manchuria, Germany will seize Shan Tung, England the Yangtze valley, Japan the province of Fokien, France Kwang Si and Yunnan and the other European nations will each demand a slice.

The sentiment is general that President McKinley might stop proceedings, with a great diplomatic triumph and assert the authority of the United States as a world power, if he was willing to do so.

Japan is the only nation besides the United States which is inclined to interfere, but no protest from that quarter would be regarded by Russia. It would be construed as the threat of an enemy while the United States is considered as a friend.

London, March 26.—China has appealed to Great Britain to interfere to prevent Russia from securing the necessary signatures to the Manchurian treaty.

Diplomats point out that Great Britain cannot interfere. It is known that the United States will do no more than file a diplomatic protest. Germany has already announced that she is indifferent.

It is pointed out too, that Russia is already in Manchuria and that she is there to stay, either by the virtue of possession or under agreement with China. She will stay until a stronger power drives her out. Neither Great Britain or Germany will essay the task. Japan alone shows a disposition to try.

TWENTY DEAD AND 95 INJURED LOSS OVER QUARTER OF A MILLION

Net Results of the Cyclone That Passed Over North-
ern Alabama Yesterday Afternoon—Citizens
Provide Food and Shelter for Homeless

Birmingham, Ala., March 26.—Twenty dead, ninety-five injured and probably the loss of a quarter of a million dollars sums up the result of yesterday's cyclone. Additional deaths are Mrs. William Thomas John Moses (colored) making sixteen deaths in this city and three at Irondale and one at North Birmingham. At the last named place Mrs. Mary Harris was killed by lightning during the storm.

The names of fifty-two injured have been obtained. Of these six will die which will swell the total death list to twenty-six.

Today's efforts are being directed to relief work. The citizens' meeting at noon to provide funds brought a total of ten thousand dollars and com-

mittees were appointed to distribute it where it is the most needed. A careful search of the ruins was continued throughout the night but no more corpses were found.

Rome, Ga., March 26.—The damage by yesterday's cyclone in this section amounts to thousands of dollars. The depot at Lindale is demolished. At Chambers there is twenty thousand dollars' loss. The negro school house at Kingston was struck and Jennie Goodwin and Jennie Elliot killed and many shocked.

Columbus, Ga., March 26.—The Georgia Central train No. 21 was blown from the track yesterday while running at a fair rate of speed. Four persons were injured.

LABORERS IN PROTEST.

Union Workmen of Newcastle, Pa., Want Carnegie Offer Rejected.

New York, March 26.—A special to the World from Newcastle, Pa., says: "Owing to the attitude of the labor unions the city council will, in all probability, reject the \$50,000 offer of Andrew Carnegie for a public library for this place."

Following the action of the Trades assembly, division 39, Amalgamated Association of Street Railway Employees has adopted a resolution protesting against the acceptance of the gift. A committee to whom the matter had been referred at a previous meeting reported the following:

"That such donations are inimical to that independence American manhood is assumed to possess (on general principles) and especially so in this case, when such flagrant injustice, even to murder, has been done to those whose toll is represented in every dollar of the money thus tendered.

"To erect such a library here, and, by its silent or its partisan outspoken influence, induce our children to look upon it as a logical, necessary and unavoidable method of obtaining certain benefits, tends to destroy in their minds any idea of national justice or human rights and make of them willing supplicants at the mercy of this system of corporate greed, which deals out a part of the sum in charity to originally appropriate from the producers to whom it alone rightfully belongs, which sum, if they had fully received, would have enabled them to have owned a library instead of now being, as are all others who are similarly robbed, the objects of charity.

"It would be something like a semblance of justice if these donations were made to the widows and orphans of Homestead. We deem them as worthy of remembrance as the Maine. A city will enrich enormously a few men and then be itself an object of charity. We, therefore, condemn this library move as an insult to him it is said it will benefit most—the workingman; he does not want charity but justice."

Fred Jeffris left this morning on an eastern trip which will include visits to New York, Philadelphia, Washington and other points of interest. He will be gone about two weeks.

RECORD TO ABSORB THE TIMES-HERALD

It Is Asserted That the Two Big Dailies Will Be Consolidated on or Before April 2

The Chicago Inter Ocean this morning says: "The Times-Herald will be absorbed by the Record immediately after the municipal election on April 2 next, if not before that date. Whether the consolidated newspaper will or will not take on a hyphenated title is problematical, but most persons best informed regarding the present intentions of those in interest think that the Record will not change again its already twice-changed name."

"Officers of the two principal unions whose members are employees of the Times-Herald last night stated privately that they had been given the tip that the consolidation was imminent. "One sometimes has to go far afield to get news of home." In New York newspaper circles last night it was held an open secret that the consolidation had been agreed upon as to terms, and that only expediency was consulted in regard to the day and hour.

"It is asserted by insiders that when the merger has been completed, the Record will take up its quarters in the Herald building which is one of the most admirably equipped newspaper establishments in the country."

Want Carnegie for Mayor.

New York, March 26.—The Twenty-first assembly district republicans last night formally proposed Carnegie's name for mayor and appointed a committee to secure his consent.

Republican Ticket for Beloit.

Beloit, Wis., March 26.—The republican ward primaries and city caucuses were held last night. Simon Smith was renominated for mayor and E. M. Gammon for city treasurer.

Henry Carpenter is on the sick list. He was obliged to come home from Madison where he has been attending the university.

FIGHTING IN ST. PETERSBURG.

A Reported Collision Between Troops and Factory Hands.

London, March 26.—The St. Petersburg correspondent of the Daily Mail says there was a collision between the troops and the factory hands, who had been forbidden to enter the city. A riot followed, and there was a great deal of bloodshed. Many persons were arrested.

British Guards Are Sabered.

Tientsin, March 26.—In an affray last evening two members of the Welsh fusilier regiment and a member of the Victorian contingent, who were acting as policemen, were sabered and bayoneted.

BOERS SUFFER A SERIOUS DEFEAT

Force of 1,500 Under Delarey Com-
pelled to Abandon Coarby by
Sudden Attack.

London, March 26.—The war office has a dispatch from General Kitchenier telling of a successful attack on Delarey's forces. The dispatch is sent from Pretoria today and says: "Babington's force, including Skelton's column, attacked Delarey 1,500 strong southwest of Ventersdorp and, having defeated him, followed him up rapidly, with the result that the Boer rear guard was driven in and their convoy, including the guns, captured at Vaalsbank."

"Our troops displayed great gallantry and dash. They captured two 15-pounder guns, one pom-pom, six Maxim's, 320 rounds of big ammunition, 15,000 rounds of small ammunition, 160 rifles, 53 wagons and 24 carts, besides taking 140 prisoners. "Our losses were slight. Many Boers were killed or wounded."

W. H. CHANDLER DEAD

One of the Most Commanding Figures
in Educational Circles in the
Badger State.

Madison, Wis., March 26.—W. H. Chandler of Sun Prairie, Dane county, died Sunday at his farm, near that village.

Mr. Chandler was one of the best known educators in Wisconsin, and has held many important posts in the educational system of the state. He was for many years one of the most active members of the state board of control, during the period of the rapid expansion of the normal school system.

He served for four years as state high school inspector under the administration of State Superintendent J. Q. Emery, and in that position did much to improve the condition of the high schools of the state.

Mr. Chandler was formerly in the legislature and served three years in the lower house and four in the senate and was for one term president pro tempore of the senate.

Mr. Chandler might be said to be one of the most commanding figures in the educational circles in the state for half a generation.

Fit of Jealous Insanity.

Los Angeles, Cal., March 26.—Clarence Crawford, a farm hand in a fit of jealous insanity at Compton shot and killed W. C. Stratton, wounded Ralph Mulholland and attempted to shoot Mrs. Stratton, with whom he was infatuated, and then blew out his own brains.

Kruger Won't Visit America.

Amsterdam, March 26.—Paul Kruger authorizes a positive denial of the report that he is going to America. He has received many invitations but has no intention of making the journey.

Miss Lillie Bourgmeier has returned from an extended trip in the South.

CORN IS GOING UP TO FIFTY CENTS

Prices Are Advancing Rapidly—Half-Dollar Mark May Be Reached in Thirty Days.

Chicago, March 26.—"Corn is going up to 50 cents within the next month," said Geo. H. Phillips, king of the corn pit yesterday.

The price of corn reached its highest point in the afternoon on the floor of the board of trade when the heaviest holders of the yellow grain allowed the price to reach 42 1/2 cents a gain of 3/4 of a cent over the session preceding, without disposing of enough grain to let the shorts cover to any degree.

Since his successful corner in November corn Phillips has had a great following of outside speculators, who will not sell their corn for less than

ANOTHER GREAT RAILWAY COMBINE

Gigantic Southwestern System Will All Be Consolidated.

CAPITAL \$300,000,000

George J. Gould Will Head
the Trust Now Being
Formed in New York.

MISSOURI PACIFIC CONTROLS

New York, March 26.—George J. Gould is about to become the head of a combination of railroads with a capitalization of \$300,000,000. This step meets with the approval and has the co-operation of J. Pierpont Morgan, the Rockefellers, and the Harriman syndicate. This will place the young president of the Missouri Pacific system in the front rank of railroad magnates, controlling vast interests and great systems of transportation. It will furnish the Missouri Pacific with a direct link from the gulf to the Pacific coast.

This is one of the "greater combines" of which Gould spoke so enthusiastically a few days ago. Since his return from a tour of inspection of the various southwestern railroads in which he is interested either as president, vice president, or director, he has been industriously engaged upon a plan of consolidation, the details of which have been jealously guarded.

All that Gould deemed necessary before formally announcing his plans was a personal interview with J. Pierpont Morgan and the representatives of the Rockefeller and Harriman interests. The first of these interviews, it is understood, took place today.

The main object of these important conferences is the settlement of a plan of financing the scheme of the Gould-Harriman syndicate for the combining of the great systems of railroads leading from the northwest to the gulf. These are now controlled by William Rockefeller, George J. Gould, E. H. Harriman, Kuhn, Loeb & Co., and other interests.

The unification of the Gould system of railroads under the control of the Missouri Pacific will include the Missouri Pacific, St. Louis and Iron Mountain, St. Louis and Great Northern, Wabash, Missouri, Texas and Pacific, and the Denver and Rio Grande.

It is known definitely that the roads named will be included in the scheme of consolidation, but it is probable that when the negotiations now pending shall have been completed it will be found that the list will have been augmented by the addition of the Illinois Central, Chicago and Alton, Chicago and Eastern Illinois, the St. Louis and San Francisco, and the Kansas City Southern.

New York capitalists closed today a deal by which the Rogers locomotive works, Paterson, N. J., were bought outright. What was the price paid and who were the purchasers were not made public by William Barbour, one of the receivers, who lives at No. 145 West Fifty-eighth street, New York. He said the purchase had been made, that all of the Rogers interests had come to an agreement as to terms and price, and that all that remained to start the works running under the new ownership was the approval of the courts, which would without doubt be granted.

Kruger Won't Visit America.

Amsterdam, March 26.—Paul Kruger authorizes a positive denial of the report that he is going to America. He has received many invitations but has no intention of making the journey.

EVANSVILLE WANTS A CANNING FACTORY

MEETING OF CITIZENS TO DIS- CUSS THE PROJECT.

**Report of a Factory of That Kind a
Sun Prairie Which Has Paid a
Dividend of 17 Per Cent—Vested
Choir for St. John's Church—News
and Notes.**

Evansville, Wis., March 26.—There was a meeting of the citizens of Evansville held in the town hall on Saturday afternoon, to discuss the idea of erecting a canning factory here.

Mr. Smith of Sun Prairie was present and told how a canning factory had been started in his town last year, and paid a dividend of 17 per cent. the first year. Mr. Smith exhibited a number of the samples of the fruit and vegetables canned in the Sun Prairie factory.

Mrs. Barrington, the wife of the rector of Christ's church, Janesville, was in Evansville Friday teaching the younger boys who are to sing in the vested choir of St. John's church. The choir is being organized by Mrs. Barrington and Mr. Clark Wilson, the lay reader who has charge of the parish. The members will be composed of both sexes and under their able instruction will no doubt prove to be a great success and greatly increase the interest taken in the church.

Miss Ethel Baker entertained a number of her friends on Thursday evening.

Mrs. W. H. Antes and son Herbert, of Des Moines, Ia., are the guests of Mrs. Antes' parents, Hon. and Mrs. L. T. Pullen.

The high school oratorical contest which was to have been held last Friday evening, and was postponed on account of the caucus, will be held next Friday evening at the Opera house. The winner of the contest will be sent to Janesville to compete in the contest to be held in that city, in which all of the surrounding schools will join.

Mrs. F. H. Baker has been ill with tonsillitis.

Rev. C. E. Ewing of Pekin, China, and Rev. Haskell of Salonica, Bulgaria, gave two very interesting missionary lectures at the Congregational church last Thursday evening. Rev. Ewing's subject was the siege of Pekin, while Mr. Haskell told of his work in Bulgaria in church and educational circles. He was dressed in Turkish costume not omitting the formidable belt filled with ancient looking firearms. Both gentlemen had many interesting curiosities on view, among Mr. Ewing's collection being a Boxer sword.

The wet weather that we have been experiencing for the last few days has been of great benefit to the farmers in this vicinity, in aiding them in getting their tobacco down out of the shed. The foreman of Barnard and Wilder's sorting room, stated that they had their last lot of tobacco on the tables when the first farmer arrived with a load on Saturday morning.

BRODHEAD.

Brodhead March 26.—Miss Lulu Wasterhaver was the guest of Miss Grace Northcraft over Sunday.

Polly Fenton of Monticello is the guest of her cousin, Miss Grace Rolfe. Mrs. M. Schemp visited friends in Monroe over Sunday.

J. E. Doolittle went to Chicago on Thursday morning.

A. M. Bowen came home on Tuesday evening and will spend the balance of the week with his family. He has

Risking Life

To make a living! And we stand and stare up at the man in the clouds, wondering that any man can be so foolhardy. But what of the business man, who has barely time to snatch a hasty meal, and gulps down a lunch of pie and milk in a few minutes? He too, is risking his life to make a living. Life is sustained by food properly digested and assimilated. The result of hasty eating and irregular meals is "weak" stomach, and a "weak" stomach means a weak man. When the stomach is "weak" the food eaten is not properly digested and cannot be perfectly assimilated, so that there is a daily loss of nutrition, which in time will result in physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the assimilation of all the nutritive values of the food eaten, and so builds up the body into sound health and strength.

Mr. Ned Nelson, the celebrated Irish Comedian and Mimic, of 577 Broadway Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it till last week, while playing at the Keith's Bijou Theater, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

W. B. Johnston of Belvidere is spending a few days in Brodhead on business.

Harry Kildow is home from Madison for a few days.

Mrs. C. Aemrophil returned from her winter's visit with her son, Mr. L. E. Aemrophil at Bowdle, South Dakota.

The Crokinole club held its final social evening at the home of Mr. and Mrs. John Keenan on Monday evening of this week. A bountiful supper was served at 6:30 after which the evening was spent in games. About fourteen were in attendance and all report a most pleasant evening.

LA PRAIRIE.

La Prairie, March 26.—The people of this town and the nearby towns are enjoying a week of muddy weather.

Robert Schleuter marketed hogs at \$5.88 last week.

Little Dee McDaniels, who had the misfortune to have his hand badly mangled in a feed cutter is doing as well as can be expected.

Mrs. Joel Proctor has an orange tree with twenty-eight oranges on its tiny branches.

An occasional engine is seen puffing along on the Janesville & South-eastern road, but actual transportation will not commence before June 1st.

Little Clifford McHenry, who has been so very ill with inflammatory rheumatism, is improving.

Rob Lowry, formerly of this place, but now of Denver, Colo., has taken unto himself a better half. Rob is one of the lading employees of a large packing house.

The L. M. B. S. held a very pleasant meeting at the home of Eliza Loyd last Thursday.

MILTON.

THE GAZETTE AGENCY.
W. W. CLARKE, Manager
Milton, Wis., March 26, 1901.

The bottomless condition of the highways outside of the township of Milton, make the delivery of stock in this market almost an impossibility; yet despite this fact Vincent & Haegeer took in a bunch of forty last week from a Rock Prairie farmer, for which they paid \$5.50 and at the close of the week good hogs would have brought \$5.75. The Chicago market, owing to light receipts and the sharp advance in mess pork, has been on a veritable boom, and prices have reached the highest point in seven years. Another stroke of McKinley prosperity for the farmers, of which the Bryan tillers of the soil can take advantage.

L. P. Rood of Beloit, was in town Saturday.

Miss Lucy Walker returned from La Crosse Saturday.

Mrs. Young of Milwaukee, has been a recent guest of Rev. and Mrs. T. W. North.

Wallace Bullis, detective sergeant on the Chicago police force, has been visiting his father, J. I. Bullis.

Miss Mame Spaulding returned from her Chicago visit Sunday night.

Fred Koch of Fairdale, Ill., has been visiting his brother-in-law, J. C. Goodrich, this week.

Country roads are almost impassable, but Rural Carrier Anderson gets the mail over his route just the same.

The water has subsided, but the dove and olive branch don't go in this ark without an appropriation to prevent future floods.

The winter term of the college closed today, and the spring term opens next Wednesday. L. C. Cunby is having a siege with pneumonia, but the fever has subsided, and if his lungs clear up there is a good prospect of his recovery, despite the fact that he is very sick.

A delegation from A. D. Hamilton Post and W. R. C. attended the funeral of Mrs. Holbrook at Lima Center, Tuesday.

John Johnston of Chicago, has been the guest of his uncle, S. J. Clarke, for several days during the past week.

H. W. Rood, assistant postmaster of the senate, spent Saturday and Sunday with Milton friends.

A. W. Crane was down to the post-office Saturday for the first time since his sickness. He is much better than a dead man.

Remember the republican caucus tomorrow (Thursday) at P. of H. hall Milton Junction; 2 o'clock is the hour. Prof. Albert Whitford returns from his trip to the Pacific coast today.

The ladies of Milton would welcome a bright sunshine that would enable them to dry out this week's wash.

RICHMOND.

Richmond, March 26.—No lack of water in this burg.

There was a left handed social, under the auspices of the Epworth League, at the home of Mr. James Morton on Friday evening.

Jesse Harris, who has been attending school in Delavan, has been obliged to resign on account of poor health.

A teacher is wanted for the spring term in the Richmond district.

Harry Killians has returned from Mason City, Iowa.

Miss Hattie Garbutt of Darien, closed the winter term of school in the J. R. Killians district last week and will take a two weeks' vacation before beginning the spring term.

A meeting of the Mystic Workers was held last evening. Four candidates were obligated, dainty refreshments served, and an hour of social enjoyment was participated in by all.

FOR THE GRIP.

You Have Heard of Many Remedies—
—Did You Ever Try This One.

Everybody you meet on the streets nowadays has just had the grip, is coming down with it or has a sure cure for it.

The disease has been a puzzle to physicians ever since its appearance several years ago and is as much of a puzzle today as it was then. It exhibits such a variety of symptoms in different individuals and leaves such disastrous results after apparent recovery that as yet its prevention and cure has baffled medical science.

However there is no doubt but that the grip is catarrhal in character and the leading symptoms in nearly every case is increased secretion in the head and throat, in fact the first indications of lagrippe are those of cold in the head which extends to the throat and lungs.

Dr. Johnson Ames advises as the safest course to pursue on the first appearance of grip symptoms to keep to the house for a day or two and take Stuart's Catarrh Tablets every hour the first day and every two hours the following day and states that this will break up the trouble before it becomes deep seated.

These catarrh tablets are antiseptic and harmless and prevent fever and the further development of grip germs, and ward off the ever present danger of pneumonia.

Dr. Gerald Simpson says: "I found Stuart's Catarrh Tablets a pleasant and thoroughly reliable remedy for the grip, especially with elderly people with whom this prevailing disease is always dangerous; the tablets can be found at any drug store and if used freely during the first few days of the attack will break it up."

Lagrippe is a catarrhal infection, the germs are in the air and no one is proof against it, but the timely use of Stuart's Catarrh Tablets will prevent any serious results.

AMUSEMENT NOTES

Monte Jacobs Butterfly Burlesquers were in a peck of trouble at the opera house last night. Before the show opened Manager Johnson of the Myers Hotel, garished the box office for a board bill. Monte Jacobs held the curtain as long as he could, and then explained to the audience that they would have to go to the box office and get their money back. But before any of it was paid back a compromise was reached and the 400 odd men and boys in attendance got into their seats again and the show went on. It was not "the best show ever seen in this town," as Jacobs promised, but it was very fair. Amy Nelson did some singing that pleased the audience, and an acrobat did some very good work; the rest was only passable.

The "Uncle Josh Spruceby" company which appears at the Myers opera house this evening, have decided to appear at 10, 20, and 30 cent prices. The wisdom of this move appears to have been justified by the packed houses that greet the company everywhere. The play is an enjoyable New England comedy drama, and for the last nine years has appeared only at regular prices all over the country. Special scenery, the great saw-mill scene, the big operatic orchestra, and a first class company are still carried.

"Rupert of Hentzau," that fascinating romance of the mythical kingdom of Zenda where chivalry and intrigue are matched in a thrilling contest for supremacy, is to be seen at the Myers Grand on Friday night. This production is an elaborate one and is brought entire from the New York Lyceum theatre.

America's favorite and representative Swedish comedian Ben Hendricks will be the next attraction at the Grand on Thursday night in the grand revival of the play that made him famous and in which he made his first great success, and which has won him fame and fortune, "Ole Oleson."

Headache often results from a disordered condition of the stomach and constipation of the bowels. A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cure the headache. Sold by People's drugstore & King's Pharmacy.

Beautiful Art Souvenir.

The Gazette is a receipt of a beautiful art souvenir of the tour of 1900 made by William Sells and James H. Grays united chorus. It is the first annual route book of this circus and was compiled and issued by Warren A. Patrick of this city.

Mr. Patrick is now located at 24 Irving Place, New York City. He is general treasurer of the Sells and Gray's shows. An excellent half likeness of him appears on the page of the souvenir devoted to the ticket wagon. Mr. Patrick has made a signal success as a circus treasurer.

This art souvenir, the credit of which both for conception and execution belongs to Mr. Patrick, is of a very attractive design. The cover is suggestively appropriate, bearing the design of a prostrate woman under the paw of an irate tiger. The souvenir contains portraits of the people identified with the circus, scenes in and around the big tents and views of interesting places visited during last year's tour. There is also some interesting reading matter descriptive of the circus, its people and the

Short Sketches Full of Interest on
American Composers—Some Excellent Piano and Vocal Numbers.

Another enjoyable meeting of the Musical-Literary society was held at Christ church parish house last evening, the usual large number of members being present to appreciate the fine selections which made up the program.

Owing to the absence of the president, John D. Rexford, on account of illness Mrs. Christine Hawley presided. As usual Mrs. J. F. Sweeney had charge of the program which opened with the reading of an excellent article on the history of American music.

During the evening short sketches, full of unique interest, of Templeton Strong, MacDowell and Nevin, all eminent American composers were read by Mrs. Mary Stever.

The piano numbers were excellent. Miss Jessie Beach gave a most pleasing interpretation of Gottschalk's "Tremolo" and Miss Marie Paulson's rendition of the "Love Song" and "Goodnight" from "Venezia" by Nevin, merited the appreciative applause which it received. Miss Alice Petrie's number, Templeton Strong's "Rustic Wedding March" was given very acceptably and Mrs. W. T. Sherer delighted the audience with one of her artistic solos, "Capriccio," by Klind.

Quite the instrumental gem of the evening was furnished by Miss Maude Roderick of Brodhead who played a "Gavotte" and "Musette" by d'Albert with brilliancy and power. So insistent was the applause which followed that Miss Roderick was compelled to acknowledge it although she declined to respond to the encore.

Mrs. Christine Hawley sang "Deserted" and "Slumber Song" delightfully. Mrs. Sweeney playing her accompaniment, and the audience listened with pleasure to a vocal duet, "Noontide Heat Is Long Past Over," sweetly sung by Miss Elizabeth Palmer and J. S. Taylor.

A very pleasing novelty was the introduction of the song cycle, "Captive Memories" by Nevin. It was quite an ambitious attempt but the result was delightful. The cycle included a number of solos and quartet number showing a connection of sentiment which returns finally to the original thought, "Love Is the Way to Arcady." Mrs. J. F. Sweeney played the accompaniment prettily and to the running melody were set the recitative explanation prettily given by Mrs. J. F. Pember as well as the songs. The solos in the cycle were given by Len Mathews, who came up last evening from Harvard where he is singing with W. B. Culliss, the lecturer. The other members of the quartet were Miss Cora Anderson, Mrs. Fannie Clark and Frank Smith. The entire selection was one of the best things ever given on a musical-literary program.

The next meeting of the society will be held on Monday evening, April 28, at which time the subject for study will be the French school.

"Try a package of Mrs. Austin's Wheat Food" fine for breakfast, delicious for dessert, sure to delight."

George Skinner has been elected president of the Rock County Caledonian society. The directors held a meeting for the purpose of choosing their president yesterday afternoon. Mr. Skinner is one of the most loyal members of the society, and so devoted is he to its interests that he will consider his position as its head official, one of honor. Mr. Skinner is Scotch through and through.

SUITS AND OVERCOATS.... \$8.00.

\$10 to \$15 values.

That's what we say and that's what we
mean. A few weeks ago we created a
sensation by selling Mens Fine Fashionable
Suits and Overcoats, that were worth and
were sold the world over for \$15 to \$20 for
\$10. Our business increase was enormous,
the values were so great and so genuine,
Saturday and all next week, we propose to
outdo our past sale, triumph if possible, and
so we offer you Overcoats and Suits that sold
anywhere from \$10 to \$15 for \$8. All new
spring weights and styles, suits in the most
fashionable weaves and cuts. Not all the
high sounding adjectives can exaggerate
these remarkable values. Overcoats in Vi-
cunas and Oxfords, are offered you for this
insignificant sum. It's a price without a pre-
cedent and a triumph of underselling. Can
you ignore it?

Pineville, Ky., March 26.—A man
supposed to be J. C. Durham, wanted
at Santa Clara, Cal., for the murder of
six persons, was arrested here by de-
tectives on a reward of \$10,000. The
man denies that he is Durham and de-
clares that he is from Huntsville,
Tenn. Durham, it is alleged, may 26,
1896, near Campbell, Cal., murdered
Mrs. R. P. McGlinchey, Mrs. Hattie Dur-
ham, Miss Minnie Schlessley, Col. R.
P. McGlinchey, James Mills and Robert
Briscoe. He had married a daughter
of Col. McGlinchey and was staying at

of the murder.

Search for Boy Desperadoes.
Mattoon, Ill., March 26.—The police
are searching for John Chaplin, 18
years old, and Leslie Pyle, 16 years of
age. The boys had committed depreda-
tions in the Illinois Central yards
and William Eaton captured Pyle as
the latter leaped on his engine. Chap-
lin, rushed to his friend's aid, stabbed
Eaton in the back, throat and head.
A special officer came to Eaton's aid
and captured Pyle. Chaplin darted
home, secured a shotgun and threat-
ened to blow out the brains of Pyle's
captors unless their prisoner was re-
leased. The boys have been traced to
East St. Louis. Eaton may die.

THE PUBLIC AND THE PRESS.

The Beloit Free Press and Racine Journal, both staunch republican papers, advocate submitting the primary law to the people for final settlement. These papers are not influenced by prejudice or personal interest. They are simply expressing a wide spread sentiment that exists throughout the first congressional district, as well as throughout the state generally.

The republican papers that oppose the measure, are not engaged in attempting to manufacture sentiment. They couldn't do business in their respective localities and support the law on account of its unpopularity. They have discovered that the German constituency is so alarmed that they compare the law to the obnoxious Bennett law, on which so many of them stampeded.

All party papers that study conditions and possess the common sense to observe them, attempt to effect the popular will of the people. Occasionally a paper becomes erratic and undertakes the impossible, wasting energy in an effort to mould public opinion against popular will. The Milwaukee Sentinel had an experience of this kind in the state campaign of 1898. The paper was disloyal to the administration, and lacked the nerve to support the opposition. So it started out on an independent campaign, advocating to the best of its ability, a dark horse candidate. The effort was a dismal failure. The dark horse was a phantom so visionary that he never appeared on the track, and yet so real to the promoters that the paper became a byword in the ranks of the party, and continued, in bad odor, until it changed hands.

Papers never succeed in popularizing a measure against the will of their constituency, and very few of them attempt to foolhardily an undertaking. Every enterprising journal has its hand on the pulse of public opinion, and is in a position to know more about it than the individual. When the Germania of Milwaukee speaks against the primary law it is speaking the popular sentiment of the German constituency, that covers the entire state. The Germania denounces the measure, because the Germans denounce it. This is true of the Scandinavian press and the Scandinavian.

If the legislature is in doubt concerning public sentiment, and will analyzed the unprejudiced press of the state, and it is unprejudiced with a few exceptions, the law makers will soon discover what the popular will is, concerning the primary law. The republican party of the state says, "pass the law in the interests of harmony, subject to endorsement or rejection," but seventy-five per cent. of the party says, "Kill the bill without this provision."

CONSERVATIVE ACTION.

If there was ever a time in the history of the republican party in the state, when conservative action is needed, that time is now. The earnest discussion of the primary election law, and the methods employed for its passage in the assembly, has stirred up bitter feeling and shows how near the danger line the party stands.

The bill will be hung up in the senate for a few days, and the warm supporters of the bill, as well as its radical opponents, can not employ their time to better advantage than in cooling off, and permitting good judgment and common sense to control future action.

It is not at all likely that the senate will pass the bill in its present form, and yet that body, in the interests of harmony and party welfare, will have the good sense to send back to the house a compromise bill that should be accepted, and on which all differences can be amicably adjusted. It is not a question of who are the best fighters, but it is a question of who are the best peace makers. The kind of a fight in which the party is engaged, not only lacks the elements of glory, but it is too dangerous for safety, and radical success by either side simply means defeat.

If the party would maintain its

leadership in the state concessions will have to be made on both sides, and they should be made in a spirit of fairness and conciliation. The burden of responsibility just now is with the senate. The senators have been patient and conservative, and yet it is generally understood that they do not favor the law. When they take final action on the bill, the responsibility will again be placed on the assembly, where the bill originated and where it should be finally settled. The members of the lower house must know by this time that the public expect of them more conservative action than they have yet displayed. Public sentiment demands absolute fairness in dealing with all public questions and especially questions of general interest that affect all classes of voters throughout the state.

The sentiment aroused against the bill should be a warning to the assembly. No party can afford to defy this kind of sentiment. And The Gazette believes that the republican party possesses too much good sense to attempt it.

To satisfy the claim that the party is committed to a primary law, some sort of a law should be passed. The assembly have said by a vote that the bill introduced is the law they want, and the senate can not do better than pass it, subject to approval by a vote of the people. This will give ample time to digest it, and is certainly fair. Had the bill gone to the senate with that simple condition it would have passed by unanimous vote. There is no reasonable argument against this kind of a compromise, and if conservative action and good judgment prevails, it will be adopted. Let us maintain peace.

BUT FEW BIDS FOR THE LIBRARY SITE

The Bidding Closes Tomorrow Night at 6 O'clock—Contest is Not Spirited By Any Means.

The committee on securing a site for the new library building has received but comparatively few bids. The opportunity closes tomorrow afternoon at six o'clock and so far only four communications have been received by the committee.

Of course these have not been opened and as they are in plain envelopes there is no way of telling by whom bids have been entered.

There seems to be a well grounded feeling however that the owners of some of the choicest sites do not intend to make a proposition. If this is true it is a matter for deep and sincere regret.

There are several splendid locations and it would seem that any one who owns property enough in the heart of the city to accommodate the building would take sufficient interest in the advantageous location of the library to at least offer his property to the committee and set a price on it.

"News Writers" on Strike.

Columbus, O., March 26.—The entire local staff employed on the Press-Post went out on a strike. The proprietor of the paper had been given until 9 o'clock to sign the scale of the newly formed News Writers' association, but failed to do so. It is understood that the management is making an effort to settle the dispute.

Medicinal Spring Dynamited.

Berkeley Springs, W. Va., March 26.—The fine medicinal spring set aside over a century ago for the use of the public by Lord Fairfax was dynamited by unknown persons early Sunday morning. The controversy over the leasing of the spring to outsiders has caused ill feeling, and the work of the vandals is attributed to this.

In Janesville

Every Claim is Backed by Local Testimony.

If the reader wants anything stronger than opinions and experiences of his neighbors, what can it be?

Mr. L. Lawrence, of 408 S. Franklin st., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Atton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went through, and I was hurt. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins I procured Doan's Kidney Pills and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

For sale by all dealers. Price, 50 cents. Foster-McIlhenny Co., Buffalo, N. Y., sole agents for U. S. Also on sale at King's Pharmacy.

BRONCHITIS

We Know is Hard to Control.

Our Vinol is Making a Wonderful Record in Curing This Dangerous Disease.

CALL AND LET US TELL YOU ABOUT IT.

Here is a letter that has just come to our attention. It will interest people suffering from bronchial troubles. It is from Mr. Geo. W. Brown, of So. Hanover, N. H., and reads as follows: "I have suffered with bronchial troubles for over a year; tried two doctors and have taken three or four kinds of medicine, none of which did me any good. At times I was so hoarse I could not speak. Then I heard of Vinol. After taking three bottles of it, my voice has perfectly returned to me. I can see that in a short time I will be all right. When I began to take it I was very weak, but it has built me up and given me a good appetite."

This is what Vinol always does. This is the way Vinol accomplishes its mission of doing good.

Vinol, as we wish every one to know, owes its power of accomplishing the cures that it effects to the fact that it contains the most wonderful medicinal elements known to science for the cure of all wasting diseases, as well as being in itself a marvelous tonic. These medicinal properties exist and have heretofore been found only in cod-liver oil. Vinol contains these elements. For by a scientific process the necessary curative properties of the cod-liver oil have been separated from the fat and grease which formerly made cod-liver oil preparations so objectionable.

As long as Vinol does not contain any of the vile-smelling oil, and is prepared by combining the sought-after properties with a delicate table wine, it is a most delicious and palatable preparation.

We know of what we speak when we recommend Vinol, and because we do know that Vinol does all we claim for it, we unhesitatingly endorse it, and guarantee at any time to refund the money paid for the remedy if you are not satisfied it will do all we claim for it.

OF

Millinery..

Spring

Wednesday, March 27th.

Thursday, March 28th.

The advance styles in the season's new millinery are shown here first as would be expected of Janesville's leading millinery department. Our trimmers have been to the market where American millinery styles find best expression.

Easter millinery will be on display here in the profusion and the elegance for which our department is famous. We believe Miss O'Neil and her capable assistants have planned a handsomer and more elaborate display this spring than ever before, and we are anxious that every lady in this city should attend the opening, whether she wishes to buy now or not.

The Finishing Touch...

A lady is well dressed only when every detail is carefully attended to. There is no more important point than hats. Our hats are always attractive. Better to purchase where the line is 1st class and extensive.

CONTRACT IS GIVEN TO JOHN CULLEN

Work of Finishing the Third Floor of the High School Building Will Be Pushed.

The work of finishing off the third floor of the high school building began this morning with the hauling of building material. The contract was awarded to John Cullen at the regular monthly meeting of the board of education which was held at 4:30 o'clock yesterday afternoon.

Mr. Cullen's bid on the carpenter work was \$1,693. The other bids submitted were David Stewart, \$2,263; Colling & Wray, \$2,103.75; John Burke, \$2,190 and Ed. Donahue, \$1,887.50.

Another result of action taken at yesterday's meeting was apparent today at the high school. Miss Grace Mount, an experienced teacher at La Crosse, has been installed as a high school assistant. Her special work will be to relieve Supt. Mayne as far as possible from personal instruction and to assist him in office work generally.

Considerable other business was transacted at the board meeting at which all of the members were present. Bills to the amount of \$402.53 were allowed and ordered paid.

The resignation of Miss Belle McCulloch as teacher of the eighth grade of the Washington school was accepted and Supt. Mayne was instructed to fill the position temporarily by a substitute teacher. Miss McCulloch was the teacher appointed to fill Miss Nettie Kent's place during her absence in Florida.

The special committee to which the matter of introducing a business course in the graded found it to be impracticable to change the present course of study, and recommended that the board establish a night school commencing with the term next fall.

Commissioner P. J. Monat who retires from service on the board this spring was the recipient of a graceful courtesy in the adoption of a resolution expressing respects and regards and appreciation of his work on the board.

EXPLOSION VICTIMS BURIED TOMORROW

All that is mortal of the late Daniel S. Preller, who met such an untimely end yesterday morning, will be laid at rest tomorrow morning in Oak Hill cemetery. The funeral will be held from his father-in-law's house, 110 North Jackson street at 10 o'clock and from the Presbyterian church at 10:30 o'clock. The Rev. J. T. Henderson will officiate. All those who wish to view the remains can do so at the house from 9 o'clock until 10.

Mr. Preller had resided in this city for many years and during his residence had made many warm friends. He was held in high esteem by his business associates and was one of the trusted employees of the company for whom he worked. He leaves to mourn his loss a wife, a father and mother, five sisters and a brother.

James Horn Funeral

The funeral of the late James Horn who met with such a sad death yesterday morning at the Janesville Barb Wire works, will be held from his home on 58 Park avenue on Wednesday afternoon at 2:30 o'clock. The Reverend J. T. Henderson, pastor of the Presbyterian church will officiate.

James Horn was the son of Mr. and Mrs. John Horn of 167 Chatham street. He was a young man whose quiet disposition and many good traits had made for him a large circle of intimate friends. He has been employed by the firm for a number of years and had the respect both of his fellow workmen and employers.

He leaves to mourn his loss a wife, formerly Miss Mattie Wright, and a father and mother, three brothers and two sisters. The interment will be at Oak Hill cemetery.

Grand Spring Opening.

The important event of the week will be the grand spring opening of fine millinery that will take place at Mrs. M. E. Woodstock's on Wednesday and Thursday, March 27 and 28. We invite you all to call. We have over one hundred and fifty of the finest trimmed hats ever shown in Janesville. We employ the best skilled milliners in the city and our long experience in the millinery line guarantees the best satisfaction in this city and now to our already competent large force we have added the help of Miss Buell of Chicago, who has for the past five years been employed in one of the largest millinery houses in Chicago. Our prices on those beautiful hats are moderate and in the reach of all. Do not purchase your hat before looking over our line as we are sure to please you.

MRS. M. E. WOODSTOCK'S.

The adjourned annual meeting of the Humane society will be held in the parlors of the Court Street M. E. church Friday evening, March 29, at 7:30 o'clock. In addition to the regular business to be transacted there will be interesting talks by Dr. Louise Crow, Rev. F. A. Hall and Rev. R. C. Denison.

Rev. J. F. Poorman of Cuba City is visiting his family and friends in this city.

CHANCE TO SECURE FURNITURE FACTORY

The Factory Employs Fifty Hands the Year Round and is Now Doing a Good Business.

An opportunity is offered Janesville to secure a large furniture factory.

A. N. Gleason, general agent of Chicago and Northwestern road in this city is in receipt of a letter from the railroad company asking him to see the business men of Janesville and see what they will do to secure the industry.

The factory employs fifty hands the year round and is doing a flourishing business. They are looking for a new location and will locate in this city if they are provided with a site and a building.

Mr. Gleason has laid the matter before a number of the business men of the city who will take the matter in hand and see what can be done to secure the factory.

Industries of this kind that employ a large number of hands, the most of them the heads of families, are the ones that he city should make every effort to secure. Janesville is having a little boom of late in business lines and a factory of this kind would help things along.

It is to be hoped that the business men will do something to secure the factory.

Mr. Clough feels confident that the Line City Council will give him a franchise.

H. R. Clough of Elmira, O., accompanied by A. R. Hill and George Kyle of the same place and Attorney Howard M. Carter of Chicago were in the city last night and left at 9:30 o'clock this morning for Beloit. They were accompanied by T. S. Nolan, who is Mr. Clough's attorney in this section.

The question of granting a franchise to the Beloit, Delavan Lake and Janesville road will come up before the council in Beloit this evening. Mr. Clough is confident of securing the franchise, which will put him in a position to begin building at once. The money for the construction of the road is ready and all that is necessary to get the work started is the granting of the Beloit franchise.

The Beloit aldermen on their trip to Cleveland had a chance to see the different cities through which the interurban electric lines passed and to note the advantages and disadvantages of having such a line running through a city.

The Beloit Free Press in speaking of the road says:

"If an electric road is a good thing let us have as much of a good thing as can be obtained, and while making it convenient for our citizens to visit Janesville, Rockford and Delavan lake, the convenience of our people in calling upon each other and in going to and returning from work should not be overlooked and neglected."

ROCK RIVER IS ON
A BIG RAMPAGE

Its Condition is More Serious Than Many People Realize—High Water Causes Much Damage.

The condition of the Rock river is more serious than the majority of people realize. While there is no imminent danger of buildings and bridges being swept away, the high water is responsible for heavy financial loss especially to the mill owners on the river.

The large new mill of the Jeffris plant has been shut down for several days owing to a broken gear caused by the sweeping away of the gearing foundation by the water. When the new gear arrives Fred Rohl, foreman of the mills says that it will be necessary to build a raft in order to put it in place. He further says that if the water should rise another foot that it would be necessary to shut down completely.

Two of the departments, the feed mill and the blending department closed down entirely the gearing being under water.

At the Riverside laundry the water was so near the fly wheel of the engine that it was found necessary to construct a wooden trough around it.

For a time this morning F. M. Marshall's shoe factory was closed, the water being so near the furnace grate that it was impossible to heat the building.

In the furnace room under Robinson's brewery the water is within a few inches of the fire pot and this is the case in many instances.

The water has risen four inches since six o'clock last night and has been practically stationary during the day. In the raceway it is almost up to the side walk level. Dr. William Horn says that the water below the dam has been but two inches higher in forty years, excepting 1881 when the dam went out.

J. S. BOWDOIN AND WIFE GO TO SMYRNA

Mrs. Bowdoin's Ill Health Forces Him to Give Up His Position at Davenport, Iowa.

J. S. Bowdoin, formerly agent for the Chicago, Milwaukee & St. Paul road in this city and later of Davenport, Ia., has resigned his position at that place on account of his wife's ill health. Mrs. Bowdoin has been in poor health for some time and spent the winter in the south in hopes of benefit from the warm climate.

The trip did her no good, so they have decided to sail for the old country. They will sail on the 13th day of April for Smyrna on the Aegean sea in Turkey, Asia, in hopes that the climate of that country will give her medical relief.

P. L. Hendricks, formerly agent for the St. Paul company in this city, and now of Madison, has been offered the position now held by Mr. Bowdoin. He went through this city last evening on his way to Davenport to look the matter up before accepting the offer.

WILL BE LONGEST SESSION ON RECORD

LOOKS AS IF LEGISLATURE MAY
NOT ADJOURN BEFORE JUNE

None of the Taxation Bills Have Been Touched—Not One of the Great Legislative Bills Has Even Got Through One House—Two Bills Being Watched Very Closely.

Madison, March 26—Every week gives the certainty that this will be the longest session on record. At the present rate business is being transacted, the legislature will not adjourn before June 1.

Even Speaker Ray's vigorous use of the spur does not seem to have helped matters, and while there is some excuse for the failure to dispose of calendars this week because of the primary election law fight, the great volume of business before the legislature has not been materially lessened. May 15 now looks like an early closing date for the legislature. It may be even later than that. When one thinks that none of the taxation bills have been touched, and that all the great legislative bills have not even got by one house, it does not seem as if this session could be closed up in six weeks without doing some of the measures a material injury.

In fact, it is very likely that May 25 will find this legislature still in Madison. It is hard to tell how it can be otherwise, for nearly all of the legislative history is yet to be made. Nothing has been done so far which gives the legislature any support whatever, and it is the record of the next few weeks which will say to the state what the legislature of 1901 has accomplished.

No legislature in the past has ever got so far behind in its work. It is true that no legislature in many years has been faced with so many great measures and this fact has done a great deal to delay the session.

The committee hearings have of necessity been long, and the bills have been of such a character that the committees have been obliged to give them careful consideration. From now on the committee reports will begin to come in faster and more results will be obtained from the calendars.

Two Bills Being Watched.

Two bills which are being watched with interest were hung up this week under cover of the primary election bill. No reports were received in either of the houses on either the anti-cigarette or the osteopathy measures. Both of these bills were expected to reach the legislature this week. They are, however, still retained in committees, and from outward indications the committees having them in charge are not anxious to report on the bills.

The best information obtainable is that there is a division on both measures. If the cigarette bill gets by at all it is going to be a very close vote, and as a word of warning to the friends of this bill they can be told that if they desire to save the measure they best bring all the influence in their power upon the senate at once for the reason that the bill now seems slated for death.

A change of one vote may save the measure, and there are several of the members of the senate who do not appear pledged either way, despite the fact that members keeping tab on the bill claim to have made a very careful canvass of the senate, and to be able to predict almost the roll call on the measure. The lobby for the cigarette people has been extremely active this week, and the results of its efforts have been very plainly evidenced in different quarters.

As to the osteopathy bill, it remains just where it was a week ago. It will undoubtedly come out of the committee on public health and sanitation to the floor of the assembly sometime this week. Friends of the bill predict the result there will be a victory for the measure, while its opponents seem to think that the bill will probably fail of passage. The doctors' lobby has worked hard the past week, but the osteopaths here have been equally alert in looking after their measure.

Mrs. C. E. VanDeusen of Kilbourn City, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These tablets are for sale at People's drugstore & King's Pharmacy. Price 25 cents. Samples, free.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

RICHARD VALENTINE NAMED FOR MAYOR

The Democratic City Convention Was Held Last Night—Put Up a Complete Ticket—City Committee.

The democratic caucus held last evening at the council chambers was largely attended. The greatest harmony prevailed and little time was lost in making their nominations.

P. J. Mouat called the convention to order and read the call. George G. Sutherland was made chairman and J. J. Cunningham, secretary.

J. P. Baker, Colin C. MacLean, Elmer Skelly, F. C. Burpee and E. Schumacher were appointed a committee on credentials. They reported the list correct and those named entitled to a seat in the convention. The chairman of the different ward delegations was instructed to cast the full vote of their wards. Charles T. Peirce and E. F. Schumacher were appointed tellers.

On motion of F. C. Burpee an informal ballot was taken for mayor. J. P. Baker presented the name of Richard Valentine, to the convention and the informal ballot resulted as follows:

Mr. Valentine receiving 61 votes, E. Wikom, 1; J. W. St. John, 1; L. C. Brewer, 1; J. W. Peters, 1; Geo. McKey, 1.

A motion that the ballot be made formal was carried and Mr. Valentine was declared the unanimous choice of the convention.

Mr. Valentine in a few words thanked the convention for the honor and stated that he would carry out the duties of the office to the best of his ability if elected.

On motion of George M. McKey the secretary was instructed to cast the vote of the convention for George B. Tanberg for city clerk. Charles T. Peirce was chosen by acclamation as the candidate of the party for school commissioner-at-large.

William A. Dougherty was nominated as the candidate for the office of justice and William V. Morrison for the office of sealer of weights and measures.

The following resolution was presented by F. C. Burpee and passed unanimously. Resolved, That the city committee be composed of a chairman to be selected by this convention and the chairman of each of the ward committees.

On motion P. J. Mouat was elected chairman and the balance of the city committee are as follows: First ward, J. P. Baker; Second ward, Colin C. MacLean; Third ward, Elmer Skelly; Fourth ward, Isaac F. Connors; Fifth ward, James B. McLean.

Republican City Committee.

A meeting of the republican city committee, the ward committees and all candidates will be held in the city clerk's office Wednesday evening at 7:30 o'clock. A full attendance is urged. By order of F. H. KOEBELIN, Chairman City Committee.

"I am not Well enough to Work."

How often these significant words are spoken in our great mills, shops, and factories by the poor girl who has worked herself to the point where nature can endure no more and demands a rest! The poor sufferer, broken in health, must stand aside and make room for another.

The foreman says, "If you are not well enough to work you must leave, for we must put some one in your place."

Standing all day, week in and week out, or sitting in cramped positions, the poor girl has slowly contracted some deranged condition of her organic system, which calls a halt in her progress and demands restoration to health before she can be of use to herself or any one else.

To this class of women and girls Mrs. Pinkham proffers both sympathy and aid. When these distressing weaknesses and derangements assail you, remember that there is a remedy for them all. We have on record thousands of such cases that have been absolutely and permanently cured by Lydia E. Pinkham's Vegetable Compound, restoring to vigorous health and lives of usefulness those who have been previously sorely distressed. Here is one of them.

Miss Junglas' First Letter.

"DEAR MRS. PINKHAM:—As I have heard and read so much about your wonderful medicine I thought I would write to you and tell you all about my sickness. I have been sick for four years with womb trouble, have whites, sick headache, pain in my back, and in right and left side of abdomen, feeling of fullness in vagina, am dizzy, weak and nervous. I have used many patent medicines, but found very little relief. Please give me your advice."—Miss KATIE P. JUNGLAS, New Salem, Mich. (May 4th, 1898.)

MISS KATIE P. JUNGLAS

Miss Junglas' Second Letter.

"DEAR MRS. PINKHAM:—I write to thank you for the good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. It is now six years since I was taken sick. I had falling of the womb and ovarian trouble. I suffered untold pains, sometimes was so bad that I thought I could not live. I used the Vegetable Compound faithfully and am now well. If you like, you may use my letter for the benefit of others."—Miss KATIE P. JUNGLAS, New Salem, Mich. (May 12th, 1900.)

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E.
